WYCO METAL PRODUCTS

6918 BECK AVENUE, NORTH HOLLYWOOD, CALIFORNIA

GENERAL INFORMATION

Pictured and described, herein, are metal products, designed and manufactured specifically for the electronics industries.

Wyco Metal Products reserves the right to make design, hardware, engineering and packing changes, where such changes do not interfere with the use for which such items were manufactured.

Before any merchandise is returned for either credit or replacement, written permission must be received from Wyco Metal Products.

If any merchandise fails to function properly due to manufacturing defects, Wyco Metal Products will replace such merchandise without charge. This guarantee is good up to 30 days from date of purchase of merchandise from a Wyco Metal Products Distributor.

Our merchandise is carefully inspected before packing and shipping. Our liability for damage or delay in transit

ceases when the shipment is accepted by the forwarder. All claims for undelivered merchandise or merchandise damaged in transit must be made by the consignee with the forwarder.

All orders received are contingent upon accidents, strikes and other causes beyond our control.

All prices and terms are subject to change without notice.

Wyco Metal Products' cataloged items are normally sold through authorized distributors. Upon request, name of nearest distributor will be sent.

All merchandise will be invoiced at prices in effect at time of delivery.

Wyco Metal Products is represented by independent Manufacturers' Representatives in the Continental United States, Hawaiian Islands, Alaska, Canada, and Mexico.

WYCO METAL PRODUCTS — one of the largest sources in the United States for a standard line of metal products for the Electronics Industry.

ALL-WELDED DELUXE CABINET RACKS

DELUXE "D" SERIES AN ALL-WELDED UNIT FOR 19" RACK PANELS

SPECIFICATIONS:

- A. Rack is constructed throughout from 16 gauge high-quality steel and is completely welded together.
- B. Panel mounting angles constructed of $1\frac{1}{2}$ x $1\frac{1}{2}$ x $\frac{1}{8}$ " angle iron.
- C. Mounting holes are tapped 10/32 thread.
- D. Mounting holes are at $1\frac{1}{4}$ "- $\frac{1}{2}$ " spacings. (WESTERN ELECTRIC SPACING.)
- E. Double row of louvres in rear door provide ventilation.
- F. Door is hung on loose-pin hinges; it may be easily removed.
- G. Door is securely locked by means of an "automotive" type highly-polished handle and linkage rods.
- H. Highly polished metal trim is on front of rack at top and bottom.
- I. Panel mounting screws are concealed by detachable corner vertical trim (see Item "L").
- J. Finished in black or grey wrinkle enamel and silver grey hammertone.
- K. When it is desired to "gang" two or more of these cabinets together, order connecting trim, using the prefix "AD" plus the last two numbers of the catalog number of the cabinet.
- L. Narrow vertical trim, allowing for removal of 19" panels, without removing vertical trim, is available, upon request, at no additional charge.

CABINET RACKS - RELAY RACKS EXPAND-A-RACKS

MODEL "W" AND BANNER "B" SERIES

DESCRIPTION: "W" SERIES

- A. 16 gauge high-quality steel.
- B. Front corners are rounded.
- C. Panel mounting angles 1/8" steel.
- D. Mounting holes tapped 10/32 thread.
- E. Mounting holes are UNIVERSAL CENTERS.
- F. Louvres in rear door and sides.
- G. Door hung on loose pin hinges.
- H. Door closed by two flush-type latches.
- I. Highly-polished trim on front.
- J. RACK IS SHIPPED "KNOCKED-DOWN"; all necessary bolts supplied for assembly.
- K. Finished in black or grey wrinkle and silver grey hammertone.
- L. There are four brackets spot welded to the bottom of the cabinet. Our casters (catalog No. RC100) can be attached to these brackets. This offers instant mobility, if required.

DESCRIPTION: "B" SERIES

- A. 16 gauge high-quality steel and is welded together.
- B. Panel mounting angles 1 1/2 x 1 1/2 x 1/8" angle iron.
- C. Mounting holes are 10/32 thread.
- D. (WESTERN ELECTRIC SPACING.)
- E. Louvres in rear doors.
- F. Rear corners re-inforced.
- G. Door hung on loose pin hinges.
- H. Door closed by two flush-type latches.
- I. Highly-polished trim on front.
- J. Panel mounting screws concealed by vertical trim.
- K. Finished in black or grey wrinkle enamel and silver grey hammertone.
- L. When it is desirable to set up racks in rows or "gangs," order connecting trim, using the prefix "AB" plus the last two numbers of the catalog number of the cabinet.

EXPAND-A-RACK SERIES

DESCRIPTION:

- A. When it is necessary to join two or more racks together, WYCO METAL PRODUCTS offers the "EXPAND-A-RACK" series.
- B. Figure "A" shows two Expand-A-Racks joined together.
- C. Figure "B" illustrates the method of expanding your present rack space. In place of purchasing an additional rack, a unit, consisting of the following items, would be bought: (a) the door; (b) the top; (c) the bottom; (d) an Expand-A-Rack joining unit. The right or left side of your existing relay cabinet rack is dis-assembled and replaced with an Expand-A-Rack joining unit. Following this step, the top and bottom are assembled. The cabinet side removed from the original rack is then fastened onto the second rack. Upon hanging the additional door, two complete racks are now joined together.
- D. Wyco's Expand-A-Rack series may be purchased by one of two methods. One method consists of buying one complete rack (the "W" series) plus one Expand-A-Rack unit. If you already have one of our basic "W" series cabinets, then order an Expand-A-Rack unit.
- E. Supports are electronically welded to the bottom to receive our casters (#RC-100).
- F. There is an ample amount of compound knockouts in the Expand-A-Rack joining unit center partition. This allows cables and leads to be taken from one cabinet to the other.
- G. Available in Grey or Black Wrinkle and Silver Grey Hammertone.

SPECIFICATIONS:

STEEL CHASSIS

DESCRIPTION:

- A. Fabricated from one piece of steel.
- B. All corners electronically spot welded.
- C. Flanges on bottom formed and punched to allow bottom plate to be attached if desired.
- D. Finished in Cad. Plate.
- E. Asterisk indicates holes punched to receive chassis mounting brackets.

ALUMINUM CHASSIS

DESCRIPTION:

- A. Fabricated of one piece of aluminum, 3003-H14.
- B. All corners are electronically spot welded.
- C. Flanges on bottom formed and punched to allow bottom plate to be attached, if desired.
- D. Etched aluminum finish, MIL-C-5541.
- E. Gauges indicated are aluminum gauges.

HEAVY DUTY AND PANEL CHASSIS

DESCRIPTION:

- A. Made of cold Rolled steel.
- B. Bottom plate included at no additional charge.
- C. Available in Cad. Plate.

SLOPING PANEL SUPPORT

In answer to many requests from engineers within the industry, WYCO METAL PRODUCTS presents the all-new SLOPING PANEL SUPPORT. The SLOPING PANEL SUPPORT allows for mounting of the standard 19" panel in sloping position. This enables the engineer or equipment user to more easily view the rack mounted instrument panel. From this illustration, it is easy to see that the SLOPING PANEL SUPPORT offers a variety of positions in which a standard 19" panel may be supported in sloping position. The SLOPING PANEL SUPPORT is fabricated of heavy gauge steel and is finished in Grey only.

Supports Panel Size Requires Panel Space

Prefix "G" Cat. No.	Supports Panel Size	Requires Panel Space	Prefix "G" Ship. Wt.	Dealer Cost "G"
G-350	5 1/4" x 19"	7"	2	\$3.60

G-532	8 3/4" x 19"	12 1/4"	4 1/2	4.67
G-353	10 1/2" x 19"	15 3/4"	6 1/2	5.90
G-354	12 1/4" x 19"	17 1/2"	7	6.80
G-355	14" x 19"	21"	9	7.97

METAL DOOR RACK PANELS

DESCRIPTION:

- A. Used when accessibility to component parts on chassis is necessary.
- B. Made of 1/8" steel.
- C. Available in black or grey wrinkle and silver grey hamertone.
- D. 19" wide.

Cat. No.	Height	Door Opening	Wt. Lbs.	Dealer Cost
RP-310	10 1/2"	15 3/8" x 5 7/8"	7 1/4	\$6.08
RP-311	12 1/4"	15 3/8" x 7 5/8"	8 1/4	7.52

SLOPING FRONT CABINET

DESCRIPTION:

- A. Top corner rounded.
- B. Attractive high-polish moulding at top.
- C. Front panel is removable.
- D. Chassis may be mounted to front panel and removed as unit.
- E. Louvers at both sides; vented at rear.
- F. Available in silver grey hamertone only.

Cat. No.	Height	Width	Depth	Dealer Cost
K810	8"	8"	8"	\$5.13
K811	8"	10"	8"	7.06
K812	8"	14"	8"	8.53
K813	12"	18"	12"	11.46

NOTE: If desired, an attractive handle can be used with above "K" series cabinet. Holes to mount moulding are spaced for handle, also. Catalog # for handle is HK70. Dealer Cost: \$5.92

DESCRIPTION:

- A. Front and rear panels are removable.
- B. Includes handle.
- C. Prefix "D" designates steel finished in Grey Hammertone.
- D. Prefix "DA" designates aluminum etched finish (.051 alum.).

MINITBOXES

DESCRIPTION:

- A. Fabricated of aluminum (.051).
- B. Design assures necessary shielding.
- C. Available in etched finish or Silver Grey Hammertone.

EASY BOXES (SAME DESIGN AS MINITBOX)

DESCRIPTION:

- A. Design allows a number of small components to be easily wired or serviced.
- B. Fabricated of 22 gauge steel.
- C. Black Wrinkle finish only.
